RECIPROCAL HEALTH ARRANGEMENTS

European Health Insurance Card (EHIC)/Global Health Insurance Card (GHIC)

The EHIC allows **you** to access state provided healthcare in all European Economic Area (EEA) countries and Switzerland. **Your** EHIC will be accepted for the remainder of its validity. If **you** do not have a valid EHIC **you** will need to apply for a GHIC. For more information or to apply for **your** GHIC: online at www.ghic.org.uk or by telephoning 0300 330 1350.

Presenting **your** EHIC/GHIC at a public medical facility will allow **you** to obtain treatment at a reduced cost and in many cases free of charge, provided **you** are a **UK** or **BFPO resident** (please note if **you** reside in the Isle of Man or the **Channel Islands** **you** are not eligible for an EHIC/GHIC).

You must carry it with **you** when travelling abroad. Remember to check **your** EHIC/GHIC is still valid before **you** travel.

If **you** are travelling outside the EEA then there are some countries that have reciprocal agreements with the **UK** and these can be found on:

www.nhs.uk/NHSEngland/Healthcareabroad/countryguide/NonEEACountries/Pages/Non-EEACountries.aspx

Medicare - Australia

If **you** are travelling to Australia, **you** must register with Medicare on arrival. There is a Medicare office in all major towns and cities in Australia. For more information on Medicare visit: www.medicareaustralia.gov.au or email: medicare@medicareaustralia.gov.au

Note: If **you** make use of these arrangements or any other reciprocal health arrangement which reduces **your** medical expenses, **you** will not have to pay an excess.

CUSTOMARY AND REASONABLE FEES

We will not pay excessive or inflated charges for **your** treatment, so it is important that **you** do not pay any medical providers up front, either at the time of **your** treatment or on **your** return to **your** home country. They may engage the services of collection agencies, but any correspondence should simply be sent on to **us**, unanswered. There is no lawful action that can be taken which **we** cannot step in and take over on **your** behalf.

IN CASE OF A SERIOUS EMERGENCY

Please Note: This is a travel insurance **policy** and not private medical insurance.

This means there is no cover for any medical expenses incurred in private medical facilities if **we** have confirmed that medically capable public facilities are available.

**IF YOU NEED MEDICAL ASSISTANCE WHEN YOU ARE AWAY
YOU SHOULD CALL 112 OR THE LOCAL EQUIVALENT OF 999**

Customers should receive emergency medical treatment or management regardless of their ability to pay or any other consideration. A failure or refusal by a treating hospital or treating **doctor** to provide emergency treatment, management or care is a clear breach of an established duty of care.

YOU SHOULD THEN CALL US ON +44 (0)208 608 4254

Whilst the actual medical care **you** receive is in the hands of the local **doctors** treating **you**, **we** can obtain the medical information **we** need from them to establish what is wrong, as well as their treatment and discharge plans. **We** can support **you** to ensure **you** are admitted to a facility that is suitable for **your** clinical needs.

We will then advise on, and can put in place, suitable **repatriation** plans to get **you** home if it is necessary and medically safe to do so. **We** will liaise with the treating **doctor** to get a 'fit to fly' certificate when needed, and with aero-medical experts who will advise on both the timing and method of **repatriation** that is best suited to **your** individual needs and **your** recovery.

Please Note:

- **Our doctors** are not treating **you**; they are not responsible or in control of the clinical care **you** are receiving in a medical facility.
- In some instances, **you** may need to be moved from one local facility to another larger/more specialised facility, for treatment.
- **We** will deal with such bills directly and there is no need for **you** to pay them. **You** simply need to pass any correspondence about such bills to **us** to ensure **we** can provide full financial protection.
- Having travel insurance does not ensure a 'fast track' medical service from the treating facility, much like the NHS - emergency service rooms can be busy at certain times and so it is possible **you** may have to wait as **you** would in **your** local NHS hospital unless **you** require critical care.
- Once **you** are discharged from hospital, this does not always mean **you** are 'fit to fly' home. For example, if **you** were in the **UK** and suffered the same injury/illness, then **you** would not consider flying out on holiday so soon after surgery/treatment/incident.
- Coming home straight away is not always an option even if **you** are considered 'fit to fly' by the treating **doctor**.

- **We** have a medical team with experience in aviation medicine who will advise on both the timing and method of **repatriation** which is best suited to **your** individual needs and **your** recovery.
- Most airlines require specific criteria to be met to accept a 'medical passenger'.
- Things change – if **your** health, stability or vitals change – then so do the plans.
- Availability of air ambulances, stretchers and appropriate medical escorts can be limited depending on the area and time of year.
- Air Ambulances are 'flying intensive care units' and are only used to transport critical patients to a hospital in the **UK**, if treatment is not possible where they are.

PLEASE NOTE: If the costs are likely to exceed **£500** or **you** are admitted to hospital, **you** should call **us** on: **+44 (0)208 608 4254**
